-At the suggestion of the sheriff the following named persons were appointed baliffs to serve during the present term of the circuit court, viz : George Hill, Richard Fitzgerald, Nicholas Williams, William Holden, Jno. Cam, Geo. Weldon and Michael Ruggaber.

-Judge Marchildon is in the city. He proposes to cut Cairo loose, and let the city float down the river. The city don't want to be treated in that way. It is anxious to be in Alexander county when the judge offers himself for re-election. It is anxious the blood; after purging with HELMBOLD's

-The troubles in Paris have at last subsided, and Wm. Ehlers has received a large invoice of "Jodat" and "Merciar" French calf skins-two of the best brands made, which he is ready and willing to manufacture into boots and shoes, for any and all persons who are willing to pay the 6:00 p.m. 7:00 a.m. highest cash prices. His shop is on 20th street, opposite the court house hotel.

-There is only one night policeman on duty now-Sumner. This force is altogether insufficient to secure reasonable protection to the property of citizens, and yet the council hesitates to fill the vacancies on the force. The mayor persistently nominates and the council as persistently refuses to confirm.

-The present city government has been in power now nearly four months. Dur-ing that time there have been more arrests made by the police, and fewer robberies have been committed, than during the same time in several years last past. Scrip has been brought from 55c on the dollar to par, and \$7,103.46 more than the expenditures have been collected. In short, everything is lovely and the municipal goose hangs high.

-The barber shop of Gus Hime, on Sev enth street, between Commercial avenue and Ohio levee, has become a place of popular resort, visited by all persons who know how to appreciate welose and delicious shave. Gus is a master in his protession, and employs only the most skillful of workmen. His razors are always in order, his towels faultlessly clean and his shop the neatest and most comfortable in the city. Give Gus a call, and experience his skillful manipulations of your beard and you will know what the pleasures of a first-class shave are.

-Curely Mike fell into the hands of Chief Myers, on Wednesday evening, and tarried with McHale all night. He was fined \$5 and costs. This arrest was, in our opinion, an outrage on personal rights. Mike has a perfect to do just as he pleases, and Myers, in arresting him, has broken down a precedent which has run for years. But, maybe, the time has come when publie officers, in their insolence, will no longer tolerate outrageous conduct in any citizen. When will the good old days come back again?

-William Alba's barber shop is growing in public favor every day. It is neatly fitted up, and can boast of the most skillfull workmen in the city. The proprietor has had many years' experience in his business and is recognized as one of the most expert shavers in Southern Illinois, while young Alba is a master in his profession Citizens and strangers who wish a painless shave, a luxurious champooing, or their hair cut in the latest style should patronize Alba.
